

Spring 2009

Dear residence hall students (and parents!),

Let's face it, moving your things from home to hall is a stressful experience, and there always seems to be more boxes than room on the trip to campus.

To reduce some of that transitional stress, free up critical space for the move, and save a two-person trip up the stairs, the Residence Hall Association (RHA) has teamed up with **Campus Fridges, Etc.** They provide a refrigerator rental service committed to furnishing the highest quality units on the market, and will have a unit set up and running in your room by the time you arrive on campus. Just as important, at the end of the year, you can simply leave the refrigerator behind. The friendly folks at **Campus Fridges, Etc.** will do all the work for you!

The students who lead the Residence Hall Association chose **Campus Fridges, Etc.** because they are dedicated, reliable and have proven themselves to be committed to student and family satisfaction!

The enclosed materials more fully describe the options available to you through this significant partnership. I encourage you to visit www.campusfridges.com to reserve your unit online today! Orders received on or before the August 7, 2009 deadline are qualified for guaranteed delivery prior to move-in.

Sincerely,

A handwritten signature in black ink, appearing to read "M. Damschroder". The signature is stylized and fluid.

Matthew Damschroder
Director of Residential Life
