

**Heartland Community College to Bachelor of Science in Nursing at Illinois Wesleyan University**

*This is a suggested course pattern. Students must work with their advisor to develop a curriculum plan that meets their scheduling needs. Admission to the Nursing major is limited and completion of this plan does not guarantee admission to the School of Nursing. If space allows, accepted transfer students who completed the articulation plan would begin the nursing sequence in semester 3. Contact [IWUadmit@iwu.edu](mailto:IWUadmit@iwu.edu) to inquire about the application process for Nursing majors.*

- When selecting general education courses, choose a (G) Global Diversity and a (U) US Diversity course to meet IWU graduation requirements.
- AP scores with 4 or higher, or higher level IB scores of 5 or higher, can be used to meet general education requirements at IWU, but not major or minor requirements.
- Remedial math courses may be needed to prepare for the math requirement. However, remedial courses will not transfer to IWU. Adjust schedule and hour requirements accordingly to complete degree.
- Students are required, at minimum, to complete 16 units of coursework at IWU including half of all major requirements.
- Graduation requirements: 32 total courses and 32 total units with 9 courses and 9 units of upper level courses, and 18 courses and 18 units outside the major. (1 IWU unit = 4 semester hours)
