

The authority for APA style is the Publication Manual of the American Psychological Association (5th ed., 2001), call number BF 76.7 .P83 2001. It can be found in The Ames Library 1st floor Reference Collection.

For a reference list, the Manual suggests using a hanging indent, meaning that the first line of each reference is set flush left and subsequent lines are indented five spaces. All references should be double-spaced.
