The image shows a screenshot of a video player interface. At the top, there is a header with "Edit Post" and "Add Video". Below that, the video title is "Building community one street at a time | Michael Gorman | TEDxWU". A URL is provided below the title. The video player itself shows a thumbnail of a man speaking on a stage. In the top right corner of the player, there are two tabs: "Visual" and "Text". A large red arrow points to the "Visual" tab, indicating that it should be selected to view the video content.

That's how you embed a video to your classnewsletter! Give us a call if you have any questions or get stuck. 888-498-2586. We would love to help you.
