WHERE ARE THEY NOW?

89.6% of the 2013 Illinois Wesleyan graduates that responded to this survey are employed full-time or attending graduate or professional school within six months of graduation.

66.4% of Class of 2013 respondents participated in an Internship. 36 students received a full-time employment offer from an internship employer. Students with Accounting, Business and Nursing internships received the most full-time offers as a result of their internship.

STUDENT FEEDBACK

“My internship was a great way to learn more about a career in public accounting. I got first-hand experience and was able to learn valuable information you can’t learn in the classroom. The internship led to a full-time job offer after graduation.”

“Without the Internship Fair in October, I most likely would never have learned about this internship opportunity. So kudos to the Hart Career Center for organizing the fair; it is greatly appreciated.”

“I loved my internship! It was both fun and educational; I learned a lot about public history and about how I want to continue in my career path.”

“The Career Center played an instrumental role in me receiving my internship and was really excellent throughout the whole process.”
