

Independent Verification Worksheet

2021-2022

Your application was selected for review in a process called "Verification." In this process, the Financial Aid Office will be comparing information from your FAFSA application with your (and spouse if applicable) 2019 federal tax return information, W-2 forms and any other requested financial documents. The law says the Financial Aid Office has the right to ask you for this information before awarding Federal aid. If there are differences between your application information and your financial information, the Financial Aid Office may need to make corrections electronically to your FAFSA application.

What you should do:

1. If you haven't done so already, use the IRS Data Retrieval Tool on your FAFSA application to import your IRS Tax Information to the FAFSA and submit it to process the correction.
2. Complete and sign the worksheet—**you must sign this worksheet.**
3. Talk to your financial aid administrator if you have questions about completing this worksheet.
4. Submit the completed worksheet and any other documents the Financial Aid Office requests to the Financial Aid Office.
