

Searching for films with Public Performance Rights (PPR) in Kanopy

Step One: Search for a film (be sure to click the "Request Access to see titles we don't currently license, circled in green)

Step Two: Use the Filters on the left (noted in yellow) to limit your search to Public Performance Rights (PPR) - it's at the end of the list of filters.

Step Three: Look for the PPR symbol to confirm the film is available with a PPR license.

Step Four: Request using the form at the bottom of the screen! The Ames Library will process your request, and you will receive an email notification when complete.
