May Term Goals

Curricular Experimentation allows students to approach traditional subject matter in nontraditional ways or to examine concepts and issues not part of the standard curriculum performing or visual arts.

Crossing Traditional Boundaries challenges students to consider ideas from many perspectives in courses taught by faculty from several disciplines or professions.

Student/Faculty Collaboration enables students to pursue individually selected topics under the direction of a faculty member or to engage in collaborative research with professors.

Intellectual Transformation occurs in courses that are once-in-a-lifetime experiences designed to expose students to new cultures or to encourage them to develop a critical perspective on familiar ideas.

Service and Internships allow students to apply their knowledge in the local community or at sites as far away as Hong Kong.
