### May Term Goals

**Curricular Experimentation** allows students to approach traditional subject matter in nontraditional ways or to examine concepts and issues not part of the standard curriculum performing or visual arts.

**Crossing Traditional Boundaries** challenges students to consider ideas from many perspectives in courses taught by faculty from several disciplines or professions.

**Student/Faculty Collaboration** enables students to pursue individually selected topics under the direction of a faculty member or to engage in collaborative research with professors.

**Intellectual Transformation** occurs in courses that are once-in-a-lifetime experiences designed to expose students to new cultures or to encourage them to develop a critical perspective on familiar ideas.

**Service and Internships** allow students to apply their knowledge in the local community or at sites as far away as Hong Kong.
