OTHER CAMPUS REMEDIES

Interim Measures
Assistance in changing academic, living, and/or campus work situations, may be requested. Campus no-contact directives may also be considered. Requests will be reviewed and may be granted if such a request is reasonable, regardless of whether the incident is reported to the campus police, local law enforcement or through an internal reporting process. Other accommodations may be available. For more information contact the Dean of Students Office.

Protection Orders
On campus, you may request a no-contact directive that will restrict alleged perpetrators from contact with complainant, irrespective of whether an incident is referred for campus judicial action or reported to local authorities. A no-contact directive is issued through the Dean of Students Office.

In the Bloomington/Normal community, a Civil No-Contact Order or an Order of Protection may be sought following sexual assault or sexual abuse.
1. A Civil No Contact Order is a civil “stay away” order for rape victims who do not have a relationship with the offender. Under a CNCO, the court orders the offender not to have any contact with the victim.
2. An Order of Protection is a court order which restricts an abuser and only is available to family or household members. A PCO may be sought following sexual assault or domestic violence and/or abuse.

The Dean of Students Office can assist in supporting your decision to seek these remedies. Additionally, Stepping Stones can be used for further information and for advocacy in obtaining protective orders.

UNIVERSITY DISCIPLINARY PROCESS
The university disciplinary process will include a prompt, fair, and impartial investigation and resolution process. Investigators and hearing board members are trained annually on the issues related to sexual assault, domestic violence, dating violence, and stalking, and taught how to conduct an investigation and hearing process that protects the safety of the complainant and promotes accountability. The process provides:
- The complainant and the respondent each have the opportunity to be advised by an advisor of their choice at any stage of the process, and to be accompanied by that advisor at any meeting or hearing.
- The complainant and the respondent will be notified in writing of the outcome and results of any disciplinary proceedings.
- The complainant and the respondent each have the right to appeal the outcome of the hearing and will be notified in writing of the final outcome after an appeal is resolved.
- The University may impose sanctions on the respondent following a final determination of university disciplinary procedures and/or provide the complainant protective measures whether or not hearing is conducted:
  - Protective measures for a complainant may be imposed.
  - Employees found responsible for any form of sexual violence against a student may be subject to discipline, up to and including termination of employment.

MISCELLANEOUS
Public awareness events where students report incidents are not considered campus reports. Formal or informal reports are required to initiate any University response or accommodation. Such disclosures may, however, inform the need for campus-wide education and prevention efforts.

www.iwu.edu/notalone/
Illinois Wesleyan University does not tolerate sexual assault, dating violence, domestic violence, or stalking. If you find yourself in one of these situations you should follow the advice outlined below and consult the resources listed in this brochure.

**Find a safe place**

**Get medical attention**
Medical attention should be sought as soon as possible. This is necessary to mitigate the risk of sexually transmitted diseases or pregnancy and to determine the existence or extent of, and to treat, any physical injury. Additionally, forensic evidence can be collected if criminal action is desired or may be desired in the future.

**Preserve evidence of the incident(s)**
It is important to preserve evidence as it may be necessary in providing proof of criminal domestic violence, dating violence, sexual assault, stalking, or in obtaining a protection order. Evidence is best collected as soon as possible or at least within 96 hours of the assault. In the case of a sexual assault, try to preserve all physical evidence; do not bathe, brush your teeth, douche, use the bathroom, eat, drink, smoke or change your clothes. The decision to report may be difficult—no one should be pressured into making a decision right away.

**Report the incident**
There are several reporting options including reporting to campus or local law enforcement, going through the student conduct system, and/or filing a Title IX complaint. Campus authorities will assist in notifying law enforcement if requested. Law enforcement will honor your wishes regarding investigation and/or prosecution.

**Get counseling support**
Counseling is recommended during this difficult time. Whether services are sought on campus or in the community, remember that self-care is an important part in coping with the event and can be instrumental in healing.

**MEDICAL SERVICES**

**IWU Arnold Health Service**
The Arnold Health Service will provide survivors of sexual assault emotional support, a brief medical evaluation, preventative treatment for sexually transmitted diseases, and emergency contraception. At the request of the survivor, Arnold Health Services can coordinate with IWU Security transportation to Advocate Bromenn Medical Center.

**Advocate Bromenn Medical Center**
Advocate Bromenn Medical Center provides sexual assault exams, including collection of forensic evidence, clinical evaluation, assessment, and treatment of injuries. Victims of sexual assault are typically seen by a Sexual Assault Nurse Examiner (SANE), a registered nurse who has been specially trained to provide comprehensive care to sexual assault patients in a medical setting.

**COUNSELING SERVICES**

Professional and pastoral counselors whose official responsibilities include providing mental health counseling to members of the University community are not required to report any information regarding an incident of sexual misconduct.

**IWU Counseling Services**
The Counseling Center provides free and confidential help to IWU students for a variety of personal and emotional difficulties.

**REPORTING**

**Office of Student Rights and Responsibilities**
Located within the Dean of Students Office, Student Rights and Responsibilities investigates and coordinates campus adjudication of violations of the Student Code of Conduct, including sexual assault, stalking and other forms of sexual violence. Students found responsible for sexual misconduct, including sexual assault, relationship violence, and/or harassment will be subject to disciplinary sanctions. These sanctions may include a warning, required educational activities, restrictions, disciplinary probation, suspension and/or expulsion.
