

# IWU MISSION DAY

Mission Day is a one day event during orientation for students to participate in events that encourage commitment to the IWU mission. These commitments include community engagement, diversity, globalization, social justice and sustainability.

**Community Engagement Activities** will be performed around the Bloomington-Normal community include:

- Local Habitat for Humanity (build or support),
- Ecology Action Center (environmental sustainability),
- Prairie Aviation (education about aeronautics), and
- Titan-2-Titan (assisting retired alumni).

Come join other new IWU students and help make a difference in your new community.

**First Year Leadership Retreat** is a the kick-off program for the First Year Leadership Institute. All students are invited to participate in the retreat. Applications must be completed for the six-week program at [www.iwu.edu/activities/leadership.html](http://www.iwu.edu/activities/leadership.html)

**Globalization Simulation** is a game in which students feel what it's like to experience another culture quite different from their own. Student will learn to have a better understanding of the powerful effects that culture plays in every person's life and how intercultural misunderstanding affects relationships with others.

**Safe Zone Training** is a program which identifies "gay friendly" faculty, staff, and students to provide support and resources for IWU lesbian, gay, bisexual, and transgender (LGBT) community members.

**Sustainability @ the IWU Peace Garden** will include a short introduction to the purpose and uses of the garden, recycling education, notebook making, salsa making, digging rows, gardening, and prairie plot work.
