

Strategic Planning Coordination Committee
Report: October 16, 2019

The SPCC Work Groups are continuing to meet and work on projects outlined in their charges. SPCC met as a group once since the last faculty meeting to discuss plans for the upcoming Board of Trustees meeting. At the upcoming meeting several of the work groups will report on their progress to the Board in a dedicated Strategic Planning session.

You may follow the progress of work groups on our SPCC website:
