Roll Call

➤ Dean's Report, Dean Carney-Hall

- We've had a busy week coming back from Thanksgiving. Part of that has been due to Student Senate as well as other student leaders on campus who have facilitated a good amount of the discussion around race on IWU's campus. So I thank all of you for being a part of it. If you weren't able to attend, I ask that you continue the conversation. The second thing published in the Argus was the article about hazing. We will continue the conversation about hazing and there has been some institutional follow up on the hazing issue between myself and Blake Bradley, Director of Fraternity and Sorority Life.
- On a much lighter note, as I near the end of my first year on this campus, I would like to take the time to say, you all are amazing students. Thank you for the ability to be a part of student senate as well the help you have all given me in my first year here. I would also like to thank Rachel publicly, you don't know half of what she does. (Rachel receives a standing ovation)
