

PEOPLE'S CLIMATE MARCH: A REPORT FROM THE FRONTLINES!

Tuesday September 30, 2014

4:00 PM

State Farm Hall 102

Join Professor **Tom Lutze** and local high-school students, **Nate Jahiel** and **Christian Prenzler**, who just returned from the People's Climate March on September 21 in New York City, the largest climate march in history— 400,000 strong! Join as they share their first-hand experiences; see their videos and photos; discuss the political significance of this march; and compare this march to other massive demonstrations since the 1960s.
