## HUNGER FACTS

Source: World Vision 2016  
<https://www.30hourfamine.org/hunger-facts/>

**Worldwide**  
**1 in 9 people**  
(795 million)  
**are chronically**  
**hungry.**

(in 2014)

**16,000 children**  
**younger than 5**  
**died every day**  
**- nearly half of**  
**these were tied to**  
**malnutrition.**

## WHY FISH PONDS?

A stocked pond provides  
food high in protein &  
income to families of an  
entire community.

Surplus fish can be sold  
to help pay for children’s  
school fees & healthcare.

All donations go to:  
**World Vision**

“Casting Away Hunger” campaign to raise funds for World Vision’s fish pond programs is sponsored by students in **Health 280: Perspectives in Global Health** at Illinois Wesleyan University, April 2017.
